

## **Accelerant Guidelines**

1. No guy is allowed in girls rooms and no girls are allowed in guys rooms.
2. Guys and girls must stay in their own cabin during night hours. (Specific times will adjust based on nightly services and what time we get back to the cabin)
3. Be respectful to all leaders/chaperones.
4. No alcohol, cigarettes (including e-cigs), or illegal narcotics.
5. Never go off alone. (Our Buddy System is no less than a group of three and MS students must have an adult chaperone at all times)
6. Please remember that this is not the Love Island Gatlinburg Edition, and chances are that you will not meet the man or woman of your dreams here...so NO PDA
7. No weapons of any kind.
8. No backpacks/fanny packs are allowed inside the convention center.
9. No cell phones are allowed during the services. Not following this rule may result in loss of phone privileges for the remainder of the weekend.
10. Have fun on this trip and take this time to allow God to speak to you.

**\*Breaking the guidelines/rules could result in contacting parents to come and pick their student up from the cabin\***
